### COMMISSIONS

Any size, any palette. Works are made to your wall dimensions and to a specified colour range, in the same materials and technique as the existing works. Multi-panel sets and coordinated series for a single project are welcome. Lead time is 8 to 12 weeks for a large-scale piece, drying included. Pricing for custom dimensions follows the grid above and is confirmed in writing before work begins.

A 50% deposit confirms the commission and covers materials; the balance is due before shipment. Works already made are payable in full prior to shipment. Terms for multi-work projects can be discussed.

### TERMS

All dimensions are given as height x width. Prices apply to either orientation of the same format. Prices are not adjusted to daily exchange rates and are ex-studio, France.

Shipping: the studio can arrange a delivered quote to your address, shipping and insurance included, on request. Otherwise, shipping, insurance and import formalities are arranged by the buyer, who acts as importer of record, and the studio will crate or roll works to your freight forwarder's specification.

Large works ship rolled in a tube unless crating is requested. High-resolution files, certificates of authenticity and in-situ mock-ups are available for any work. Retail prices on [murielnapoli.com](http://murielnapoli.com) are quoted delivered and therefore differ in structure from the ex-studio prices above.
